Which Do You Prefer?

It is important for reasons of health and practical economy for every housekeeper to ask herself this question:

"Do I prefer a pure baking powder like Royal, made of cream of tartar derived from grapes, or am I willing to use a baking powder made of alum or phosphate, both derived from mineral sources?"

The names of the ingredients printed on the label show whether the kind you are now using or any brand, new or old, that may be offered is a genuine cream of tartar powder, or merely a phosphate or alum compound.

Royal Baking Powder contains no alum nor phosphate.

GO IN AND SIT DOWN.

What are you going to do Easter Sunday?

Go into a church and sit down. Stay sit until the end of the service and keep your ears open and your mind on what the preacher is saying. Then go home and think over what he had to say. Don't give his words just a passing thought and then let your mind ositions, or to take his stand on the mation, rates and booklet. slide back into the old financial groove.

Take his discourse subject by subject and analyze it thoroughly Pick out the good points and study them minutely as you discover them. You can spend several hours very pleasantly in this work and at the end of that time you may be amazed at the feeling of KICK EN OUT IS CRY OF CLERGY. peace and contentment that pervades your being.

You will find that there are many things you knew that had been forgotten for these many years, and when they pass from memory their value practically ceases to exist.
